

Seth GS Medical College & KEM Hospital, Mumbai 400012

13th March 2025

To

All undergraduate students selected for the UCLA- KEM student exchange program

1. All undergraduate students selected for student exchange program with UCLA will rotate at UCLA for 3 weeks ONLY and that too at the same time.
2. This is also the duration that we have approval for from the University and hence non negotiable.
3. Should any student wish to do additional rotations at UCLA, it will be as independent observers and NOT as part of the student exchange program with UCLA.
4. In addition, any additional rotations CANNOT be clubbed with the student exchange program and have to be done separately at some other time point.
